## **Washington County Manufacturers Association Meets at AUMA Factory in Canonsburg**

The Washington County Manufacturers Association (WCMA) held their monthly meeting on Thursday, November 3 at the office and plant of AUMA Actuators, Inc. in Canonsburg. The Association consists of manufacturing professionals from throughout Washington County, PA. The meetings provide an opportunity for this group to share experiences on trends and ideas in the field of manufacturing.

The meeting consisted of a reception, dinner and program describing AUMA's business and factory. AUMA's Operations Manager, Bob Kachur and Industrial Engineer, Brian Weaver, hosted the event. The program consisted of an overview of AUMA's products and manufacturing program. Highlights of the manufacturing program included several new machining centers that are being used to manufacture actuator components. Kachur and Weaver have significantly enhanced the manufacturing program since AUMA moved its facilities to Canonsburg in 2003.

AUMA is one of a few manufacturing firms at Southpointe – a mixed use business, commercial and residential development located in Canonsburg, Washington County, Pennsylvania.
